

SAFETY DATA SHEET

Safety data sheet according to (EC) No. 1907/2006.

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier:

Felypressin

CAS-no.: 56-59-7

EC-no.: 200-282-7

INDEX-no.: None

REACH-REG.-no.: None.

1.2. Relevant identified uses of the substance or mixture and uses advised against:

For medical and veterinary research and/or commercial use. Restricted to professional users.

1.3. Details of the supplier of the safety data sheet:

Polypeptide Laboratories France

Rue de Boulogne 7

Phone: +33 3 88 79 08 79

S67100 Strasbourg

Fax: +33 3 88 79 18 56

France

Responsible person for the safety data sheet (e-mail): ppl@polypeptide.com

1.4. Emergency telephone number:

France: Centres Antipoison et de Toxicovigilance: + 33 (0)1 45 42 59 59

NHS (England or Wales): Dial 111 or 0845 4647 NHS 24 (Scotland): Dial 111

National Poisons Information Centre (Ireland): +353 (1) 809 2166 (8.00 a.m. to 10.00 p.m. 7 days a week).

Healthcare Professionals: +353 (1) 809 2566 (24-hour service)

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture:

Felypressin is a synthetic analogue of vasopressin (a naturally occurring vasoconstrictor in man) with similar actions. Special caution should always be taken in the handling of biologically active material.

CLP (1272/2008): None

2.2. Label elements:

Caution - substance not yet fully tested.

P260: Do not breathe dust.

2.3. Other hazards:

PBT/vPvB: The substance is not considered PBT/vPvB according to criteria in Annex XIII.

Endocrine disrupting properties: The substances are not identified as having endocrine disrupting properties in accordance with the criteria set out in Regulation 2017/2100 or Regulation 2018/605.

SECTION 3: Composition/information on ingredients

3.1. Substances:

% w/w	Substance name	CAS-no.	EC-no.	Index-no.	REACH reg.no.	Classification	Note
100	Felypressin	56-59-7	200-282-7	-	-	Not classified	1

1) The substance is a polypeptide. Mol. Formula: C₄₆H₆₅N₁₃O₁₁S₂

SECTION 4: First-aid measures

4.1. Description of first aid measures:

In case of a suspected Felypressin exposure: **Avoid excessive drinking** until it is obvious there are no signs of water retention.

Inhalation: Move the affected person to fresh air. Keep at rest. If needed: Seek medical attention.

Skin contact: Remove contaminated clothing and wash skin with water and mild soap. If irritation persists: Seek medical advice.

Eye contact: Flush with water or physiological salt water, holding eye lids open; remember to remove contact lenses, if any. If irritation persists: Seek medical advice.

Ingestion: Rinse mouth. Avoid drinking water. Seek medical advice.

4.2. Most important symptoms and effects, both acute and delayed:

Headache, nausea, vomiting and discomfort.

4.3. Indication of any immediate medical attention and special treatment needed:

Show this safety data sheet to a physician or emergency ward.

SECTION 5: Firefighting measures

5.1. Extinguishing media:

Use water spray (never water jet), dry chemical, foam or carbon dioxide.

5.2. Special hazards arising from the substance or mixture:

Do not inhale smoke fumes. In case of fire, the substance may form hazardous decomposition products: Carbon-, sulphur- and nitrogen oxides.

5.3. Advice for fire-fighters:

Use breathing apparatus with an independent source of air.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures:

Use personal protective equipment - see section 8. Avoid generation of dust. Ventilate area of leak.

6.2. Environmental precautions:

Do not empty into drains – see section 12. Inform appropriate authorities in accordance with local regulations.

6.3. Methods and material for containment and cleaning up:

Sweep up and place in a suitable container. Flush area of spill with plenty of water. Further handling of spillage - see section 13.

6.4. Reference to other sections:

See above.

SECTION 7: Handling and storage

7.1. Precautions for safe handling:

Do not open until use. Avoid contact with skin, eyes and clothing. Avoid generation of dust and spreading. Provide sufficient ventilation. Wash contaminated skin immediately with water and mild soap. Take precautionary measures against static discharges.

7.2. Conditions for safe storage, including any incompatibilities:

Store in a tightly closed original container in a cool, dry and well-ventilated place. Avoid exposure to light. In, addition see manufacturer's specifications.

7.3. Specific end use(s):

See section 1

SECTION 8: Exposure controls/personal protection

8.1. Control parameters:

Valeurs limites d'expositions professionnelle aux agents chimiques au France (ED984:2012): Aucun

UK: Occupational exposure limits (EH40/2020): None.

Sweden: AFS 2018:1: None

DNEL/PNEC: No CSR.

8.2. Exposure controls:

Appropriate engineering controls: Provide adequate ventilation e.g. by working in a fumehood.

Personal protective equipment:

Respiratory protection: During all open handling use an approved mask (EN149) with a particle filter type P3. The filter has a limited lifetime and must be changed. Read the instruction.

Skin protection: Wear protective gloves (EN374) of e.g. nitrile rubber. It has not been possible to find any data for breakthrough time, so it is recommended to change the glove if spilled on.

Eye protection: Wear tightly fitting safety goggles (EN166) in case of risk of contact with the eyes.

Environmental exposure controls: None particular.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties:

Physical state:	Powder
Colour:	White
Odour:	No available data
Melting point/freezing point (°C):	Decomposes when heated
Boiling point or initial boiling point and boiling range (°C):	No available data
Flammability (solid, gas):	No available data
Lower and upper explosion limit (vol-%):	Do not apply to solids
Flash point (°C):	No available data
Auto-ignition temperature (°C):	No available data
Decomposition temperature (°C):	No available data
pH:	No available data
Kinematic viscosity:	No available data
Solubility:	Soluble in water
Partition coefficient n-octanol/water (log value):	No available data
Vapour pressure:	No available data
Density and/or relative density:	No available data
Relative vapour density:	No available data
Particle characteristics:	No available data
9.2. Other information:	Molecular weight: 1040.22 g/mol

SECTION 10: Stability and reactivity

10.1. Reactivity:

No available information.

10.2. Chemical stability:

Stable under normal conditions - see section 7. Combustible.

10.3. Possibility of hazardous reactions:

Dust may form explosive mixture with air.

10.4. Conditions to avoid:

Avoid sparks, embers, heating and moisture. Avoid generation of dust.

10.5. Incompatible materials:

Strong bases and strong acids.

10.6. Hazardous decomposition products:

When heated to high temperatures (decomposition) toxic fumes are emitted: Carbon-, sulphur- and nitrogen oxides.

SECTION 11: Toxicological information

11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008:

Acute toxicity: Based on available data, the classification criteria are not met.

Skin corrosion/irritation: Based on available data, the classification criteria are not met.

Serious eye damage/irritation: Based on available data, the classification criteria are not met.

Respiratory or skin sensitization: Based on available data, the classification criteria are not met.

Germ cell mutagenicity: Based on available data, the classification criteria are not met.

Carcinogenicity: Based on available data, the classification criteria are not met.

Reproductive toxicity: Based on available data, the classification criteria are not met.

STOT-single exposure: Based on available data, the classification criteria are not met.

STOT-repeated exposure: Based on available data, the classification criteria are not met.

Aspiration hazard: Based on available data, the classification criteria are not met.

No toxicological data available.

Information on likely routes of exposure: Inhalation, skin and ingestion.

Symptoms:

Inhalation: May cause irritation of the mucous membranes. Felypressin has strong anti-diuretic properties. Symptoms may include headache, nausea, vomiting, diarrhoea, abdominal pain and cramps. Heavy exposure may cause constriction of peripheral blood vessels and contraction of smooth muscle of intestines.

Skin: May cause slight irritation.

Eyes: May cause irritation.

Ingestion: See under "Inhalation".

SECTION 11: Toxicological information (continued)

Chronic effects: May cause reduction of urinary excretion. Repeated or prolonged exposure, when combined with uncontrolled and excessive drinking, may cause water retention. Peptides may cause potential antigenicity and allergic reactions. Special caution should always be taken in the handling of polypeptides with hormone-like effects.

11.2. Information on other hazards: None known.

SECTION 12: Ecological information

12.1. Toxicity:

No available/applicable data.

12.2. Persistence and degradability:

No available/applicable data.

12.3. Bioaccumulative potential:

No available/applicable data.

12.4. Mobility in soil:

No available/applicable data.

12.5. Results of PBT and vPvB assessment:

The substance is not considered PBT/vPvB according to criteria in Annex XIII.

12.6. Endocrine disrupting properties:

None known.

12.7. Other adverse effects:

None known.

SECTION 13: Disposal considerations

13.1. Waste treatment methods:

Disposal should be according to local, state or national legislation. Dispose of through authority facilities or pass to chemical disposal company.

EWC-code: 07 05 99

SECTION 14: Transport information

Not hazardous for transportation (ADR/RID/IMDG/IATA)

14.1. UN number or ID number: None.

14.2. UN proper shipping name: None.

14.3. Transport hazard class(es): None.

14.4. Packing group: None.

14.5. Environmental hazards: No.

14.6. Special precautions for user: None.

14.7. Maritime transport in bulk according to IMO instruments: Not relevant.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture:

It is advisable not to let persons under 18 years of age work with the substance.

It is advisable not to let pregnant women work with the substance. The employer shall assess the working conditions and, if there is any risk to the safety or health and any effects on the pregnancy or breastfeeding of workers, take the necessary measures to adjust the working conditions (Directive 92/85/EEC).

Please contact national authorities regarding notification and use of the substance (Directive 2001/82/EC).

Felypressin is on WADA's list of prohibited doping substances (The World Anti-Doping Code): Group S5, DIURETICS AND MASKING AGENTS.

15.2. Chemical safety assessment:

No CSR.

SECTION 16: Other information

Abbreviations:

CMR = Carcinogenicity, mutagenicity and reproductive toxicity.

CSR = Chemical Safety Report

DNEL = Derived No-Effect Level

EC₅₀ = Effect Concentration 50 %

FW = Freshwater

LC₅₀ = Lethal Concentration 50 %

LD₅₀ = Lethal Dose 50 %

PBT = Persistent, Bioaccumulative, Toxic

PNEC = Predicted No-Effect Concentration

vPvB = very Persistent, very Bioaccumulative

Literature:

ECHA = REACH Registration dossier from ECHA's homepage.

EPA Ecotox = Environmental Protection Agency

IUCLID = International Uniform Chemical Database Information

RTECS = Register of Toxic Effects of Chemical Substances

<http://pro.medicin.dk>

Training advice:

No special training is required. However, the user should be well instructed in the execution of his/her task, be familiar with this Safety Data Sheet and have normal training in the use of personal protective equipment.

Additional information:

Prepared based on the information available to Alttox A/S July 2022.

Changes since the previous edition:

1, 2, 8, 9, 11, 12 & 14
